

PC 2 CHAT

Light single-sided headset

The PC 2 Chat single-sided headset is designed for those that need or prefer to be more aware of their surroundings by keeping one ear free. Proprietary transducer technology delivers excellent audio while the unidirectional microphone is designed with passive noise-cancellation for hours of clear conversation.

Plug-and-play simplicity with the dual 3.5 mm jacks ensures that you get online in a moment on your PC. This lightweight on-ear headset is designed for comfort, and careful material choice ensures durability for daily use. Extra ear pads are available for purchase when you need to replace them. Combo adaptors for use on the Mac® are also available for purchase from our website. For internet telephony and e-learning use, this high quality value headset will fit the task.
